AGENCY MISSION/VISION:
PROGRAMS/SERVICES:

1. SCHOLARSHIP

AFC offers children, from aged 3 - 17, arts programming at the Avenue Road Arts School in visual arts, drama and music for a \$30.00 fee (admin. fee). Children are selected to receive a scholarship, based on their financial need and must demonstrate an interest in one of the arts.

AFC SUMMER CAMP - ARTS ADVENTURE CAMP

AFC offers a summer camp to students who live in under-serviced areas of the GTA. Programs are designed to integrate visual arts, drama and music. Participants are given camp experiences including recreational swimming, field trips to galleries, theatrical performances and instructional sports, along with the scheduled arts programming. This past summer the program took place at Keele School.

OUTREACH PROGRAM

Artists go out to schools, housing complexes and Social Service agencies in underserved communities for short periods of time to work on special projects that the children will be proud of and will remember. Projects can take anywhere from two days to ten days. The outreach program includes Professional Development Workshop for Teaching Professionals. AFC provides hands-on workshops to teachers and professional educators/children programmers/coordinator in visual arts, drama, creative movement and music. The main objective is to develop confidence in teachers to use the arts in core curriculum areas. Workshop content also covers effective teaching strategies in arts education, fresh lesson plans, lesson plan development, great educational resources and innovative classroom friendly techniques/art materials.

Some examples of recent projects are:

Maple Leaf PS - Large painted murals were created by the students for the Children Aid Society (North York branch). All mural panels were permanently installed in the visitation rooms/facilities. This branch services this particular school.

St.Maria Goretti - Hand designed cards made by a grade 3 class with the help of a AFC visual artist, were sold to the local community with all proceeds directed to AFC. \$2,620 was raised.

Keele School PS - An integrated arts project was created that focussed on issues involved in "childhood bullying". The program involved hands-on workshops in music, visual arts and drama.

Remembering Rwanda - a non profit organization that organized a fundraising event at Harbourfront this past summer. All money generated went to the Hope for Rwanda's Children Fund. The public was invited to the event. Many arts based performances were featured including Rwandan music and dance. AFC provided visual artists for hands-on workshops for the children who attended the event. In two separate workshops, they created cultural flags using Rwandan textile designs as inspiration, and a canvas mural that will be used both in Africa and Canada for future fundraising ventures and to bring further awareness to the history of this country.

Portage Trail - Historic Mobile - students were involved in creating and constructing a large wooden mobile. It now hangs in the main foyer of the school. The mobile features images that reflect the historical significance of the local area along with the school's location. Students studied in great detail the past cultural and historical make up specific to the school's site, along with the geographical features of the area.

WEBSITE: www.lefca.org
CONTACT PERSON: Joe Valvasori
AGENCY MISSION/VISION: The Learning Enrichment Foundation provides community responsive programs and services which enable individuals to become valued contributors to their community's social and economic development
PROGRAMS / SERVICES
CHILDCARE: The Learning Enrichment Foundation currently operates 13 licensed childcare centres and 15 before and after school programs, providing a safe and nurturing environment for over one thousand

children every day. LEF remains an active member of the York South Weston Family Service Network, a committee of non-profit health, education and social service providers that work collaboratively to ensure that young children have access to integrated support systems of prevention and early intervention services in our community.

LANGUAGE SERVICES: More immigrants choose to settle in Toronto than any other city in Canada, and LEF is committed to assisting the New Canadians in our community. The Learning Enrichment Foundation has offered language training since 1992, and currently offers LINC programs levels 1 to 7, serving nearly 350 clients annually. LINC stands for Language Instructions for Newcomers to Canada and is designed for adults (over 17 years) who are newcomers to Canada and are either Permanent Residents or Convention Refugees (Refugees whose claims have been accepted). LEF also offers the Test of English as a Foreign Language (TOEFL), which is used to evaluate the English proficiency of individuals whose native language is not English.

Finally, LEF offers literacy and numeracy classes for adults who need help in reading, writing and basic mathematics. Classes are available for English as a First Language learners and English as a Second Language learners with advanced listening and speaking skills.

TRAINING PROGRAMS: In today's labour market, acquiring and maintaining relevant skills is essential. Each year LEF provides over 300 graduates the skills and provides the practical experience employers are looking for. LEF offers courses targeted to a variety of occupations. Our courses include:

INDUSTRIAL SKILLS: This 9-week course is designed to help you find employment in a warehouse / logistics environment. Each participant will have the opportunity to receive certification in 9 areas that are much sought after by employers in this field. By the end of this course, you will have a well-designed resume with a good portfolio of transferable skills though integrated job search workshops

EARLY CHILDHOOD ASSISTANT: This course is 14 weeks and combines a comprehensive Child Care Curriculum with two placements in the Child Care Field. Participants will explore a variety of topics including The Day Nurseries Act, Behaviour guidance, Health Safety and Nutrition, curriculum planning and special needs childcare. In addition, the course assists graduates with their employment search

PERSONAL SUPPORT WORKER: This course prepares graduates for employment in the growing field of Personal Support work. This 14 week program covers topics such as roles of the personal support worker, mental health/medical conditions, First Aid / CPR and CPI, Mobility and lifting and palliative care. The course includes two placements and job search assistance to graduates.

COOKS TRAINING: For individuals between the ages of 16 and 30 interested in a career in large-quantity cooking, LEF offers Cooks training, a 16 week course that teaches participants essential aspects of food handling and food preparation through small classes with loads of individual attention and practical experience. Graduates receive certification as Cooks Assistants and job search assistance.

BUDGETING WORKSHOPS: Through this workshop participants will improve their ability to successfully manage their financial affairs, and in doing so, will move towards financial stability and self-sufficiency to the benefit of themselves and their communities. Topics covered include budgeting, debt strategies, goal setting, and effective use of a credit card. Ongoing individual counselling is also available to participants.

IT PROJECT MANAGEMENT: This 12-week course provides classroom instruction and on-the-job supervision during a voluntary sector practicum to prepare for certification with the Project Management Institute, including language training specific to the IT sector.

ACTION CENTRE FOR EMPLOYMENT: The Learning Enrichment Foundation has developed an innovative, community-driven, job search strategy, designed to provide job seekers with the skills necessary to find the opportunity, land the job, and develop the career they've been looking for.

The LEF strategy combines Self-Marketing workshops, individual counselling, community outreach techniques and extensive employer relationships. Through these, we help connect individuals seeking work

with employers looking to hire. In addition, clients can access career counsellors and job matchers, take advantage of free Internet access and other services in our resource centre.

TECHNOLOGY/HELP DESK: Understanding and properly utilizing technology can make any organization more efficient and effective. However, many community organizations lack the expertise or the resources to fully take advantage of the benefits technology offers. As part of the FirSTep Program, the Learning Enrichment Foundation offers a free Help Desk service for voluntary organizations. This service, offered in conjunction with ITAC and Ajilon, provides free technical support and expert advice. The LEF Help Desk is also the first point of contact for the IM/IT Ontario program, a network of non-profit organizations providing technology support to the voluntary sector.

COMMUNITY ENTERPRISES

LEF operates two very successful community enterprises that meet multiple bottom lines and bring multiple benefits to our community. These are:

WoodWorks serves at-risk youth between the ages of 16 and 30. Participants work closely with an instructor in the LEF woodworking shop where they help to create specialty order furniture. In addition to learning the marketing, design, and craftsmanship involved in custom woodworking, participants receive life skills, informal employability training.

LEF Food Services prepares over 1000 meals for LEF childcare centres and another 800 meals for homeless shelters every day. In addition, our on-site kitchen offers nutritious and affordable meals for staff and clients through a fee-for-service cafeteria and also provides a catering service.

COMMUNITY SKILLS DEVELOPMENT FUND: LEF believes in investing in the future of our community. Over half of the clients who visit LEF are ineligible to receive government assistance for the training they require to succeed in the labour market. To address this need, we developed the Community Skills Development Fund. Clients who wish to take advantage of this fund are interviewed to determine their training needs and financial situation. A contract is signed by both parties whereby LEF agrees to provide the training and the client agrees to do their job search with LEF and to pay for the training after they have been employed one month. No interest is charged and the payments are based on what the individual can afford.

SOCIAL PURCHASING PORTAL: LEF is pleased to be a partner in the Social Purchasing Portal, which allows corporations to leverage existing purchasing power to expand business opportunities for suppliers who provide added social value to their community. Corporate purchasers use the portal to buy goods and services such as office supplies, couriers, catering, and promotional materials from suppliers who agree to hire individuals who require further support to enter the workforce.

The portal is a web-based, business-to-business database that facilitates relationships between purchasers and suppliers. Suppliers that list on the portal benefit from increased business, which creates additional employment opportunities for individuals who require further support to enter the workforce.

The portal provides Toronto-based corporations with an easy opportunity to engage in corporate social responsibility. Without spending any more money

TARGET POPULATION:The tenants of Toronto Community Housing buildings including those in the CHU 25 portfolio which are Pelham Park(61 Pelham Park Gardens), Symington Place(1884 Davenport Road) and the surrounding communities. Tenants come from diverse backgrounds. This diversity includes characteristics such as age, education, language, sexual orientation, mental and physical disability, religion, ethnicity and race as well as an increasing diversity in lifestyles and values
AGENCY MISSION/VISION: Working with tenants to build strong, healthy communities. Toronto Community Housing is committed to creating and sustaining strong, healthy communities. We work with residents and community partners to identify tenant and community needs, and to connect tenants with community service providers and local agencies.
PROGRAMS/SERVICES: We work with tenants, tenant groups and local service providers to identify community needs and to increase the resources available to tenants. We provide information and referral services to tenants to ensure they have access to services. We also provide them with support and training so that tenants can advocate on their own.
Toronto Community Housing is committed to building strong and healthy communities. Our key objective is to work with tenants, community partners and neighborhood organizations to build engaged communities.
Decision-making at the community level. The Tenant Participation System is a formal system of representation that gives tenants a say in decisions that affect their home, building, neighbourhood and community. It also ensures that Toronto Community Housing is accountable to its tenants for the quality of services and housing we provide. Other tenant organizations such as social clubs, tenant associations and community and advocacy groups also play a role in each community. Toronto Community Housing also gives children and youth the opportunity to participate in sports programs, recreational camps that teach team-building and life skills and summer employment opportunities.
Social Investment Fund - Toronto Community Housing established the Social Investment Fund in 2004 to support community initiatives that build strong and healthy communities. The Social Investment Fund will

allocate \$1 million in funding each year to projects that help improve the quality of life in Toronto Community Housing communities. We believe that the best way to address the social and economic challenges facing many of our communities is through the active engagement of tenants, and through collaboration between tenants and community organizations to develop innovative responses to these issues.

NEEDS: To continually connect tenants with community service providers and local agencies to develop partnerships and respond to local needs that may include employment, eviction prevention, the justice system, mental health, and ethno-specific issues.

TARGET POPULATION: Youth between the ages of 12-17 who are in conflict with the law. Referrals are received from 2201 Finch Court and/or Probation Officers at North and West Youth Justice Services.

AGENCY MISSION/VISION:

The Youth Justice Volunteer Program augments Youth Justice Services through active involvement with young persons in a variety of programs, which promote law-abiding behaviour consistent with the Youth Justice Mission Statement.

PROGRAMS/SERVICES:

YJVP is made up of Volunteers and Coordinators from each of the four Toronto area Youth Justice Services Offices: Central, North, East and West.

At the North and West offices, YJVP is administered by Associated Youth Services of Peel. AYSP is a multi-service organization, contracted by the Ministry of Children and Youth Services to provide high quality community based programming to children, youth and their families.

The Volunteer Program will:

Involve the community in the rehabilitation of the young person.

Utilize the special skills of volunteers matched to learning styles and abilities of young persons.

Provide opportunities for positive relationships between young persons and volunteers.

Improve young persons' use of leisure activities by involving them with community resources.

Assist the young person in developing life skills, social skills, and interpersonal relationships.

Assist young persons to comply with community related court orders.

Assist in reducing the rate of recidivism with young persons.

YJVP Volunteers administer Stop Shoplifting and Victim Impact Awareness Programs to Extrajudicial Sanctions and Probation clients. The purpose of these programs is to provide youth with information on the consequences that he/she may not have considered prior to committing the offence. Youth learn to identify the impacts of their acts in terms of the physical, emotional and financial costs to their victims. Youth also learn how a criminal record can negatively affect their own fut
