

Court Service's Colouring Book

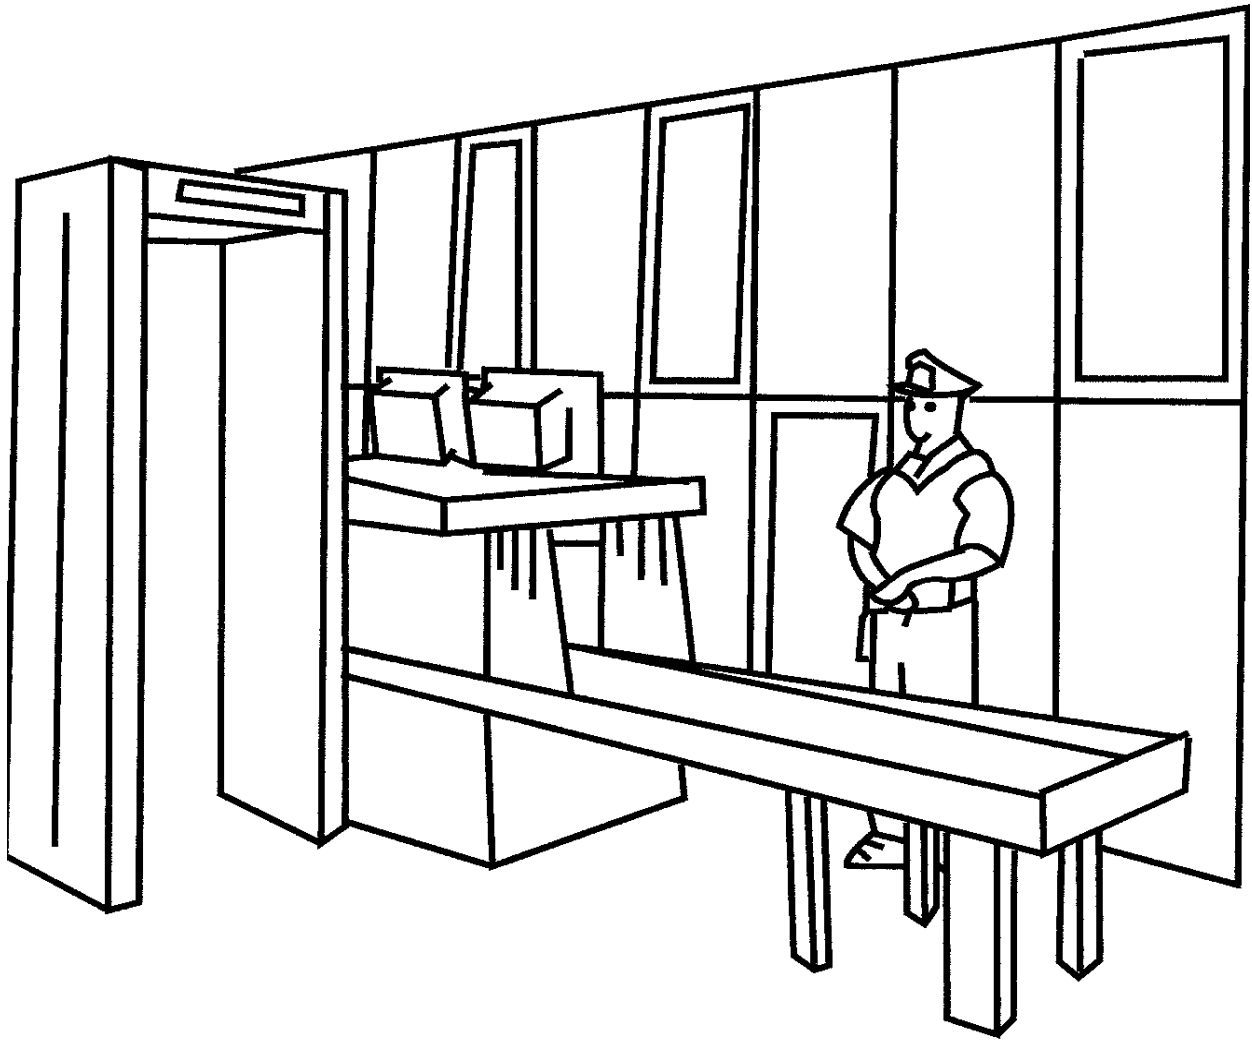

Hi kids! I'm "Wally" Wagon from Court Services. Help me with a new paint job by colouring me!

This is what a court room looks like.

Do you know where the Judge sits?

This is a security station at the entrance of the court house. Everyone who enters must have their belongings x-rayed; just like at the airport.

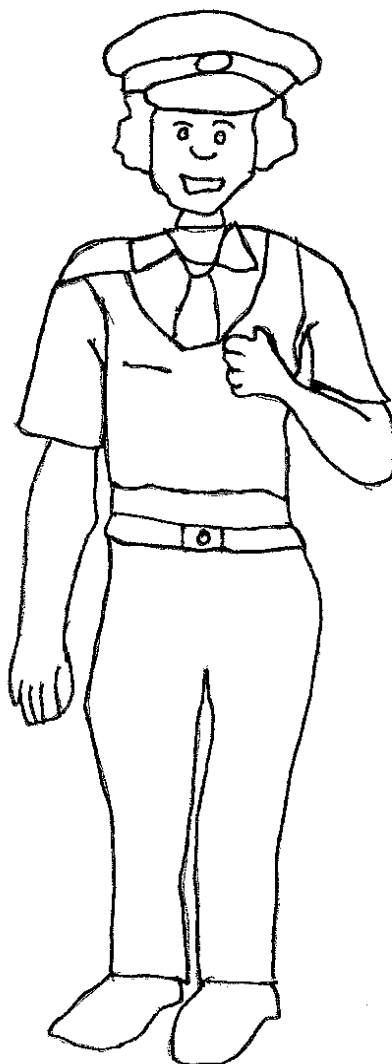

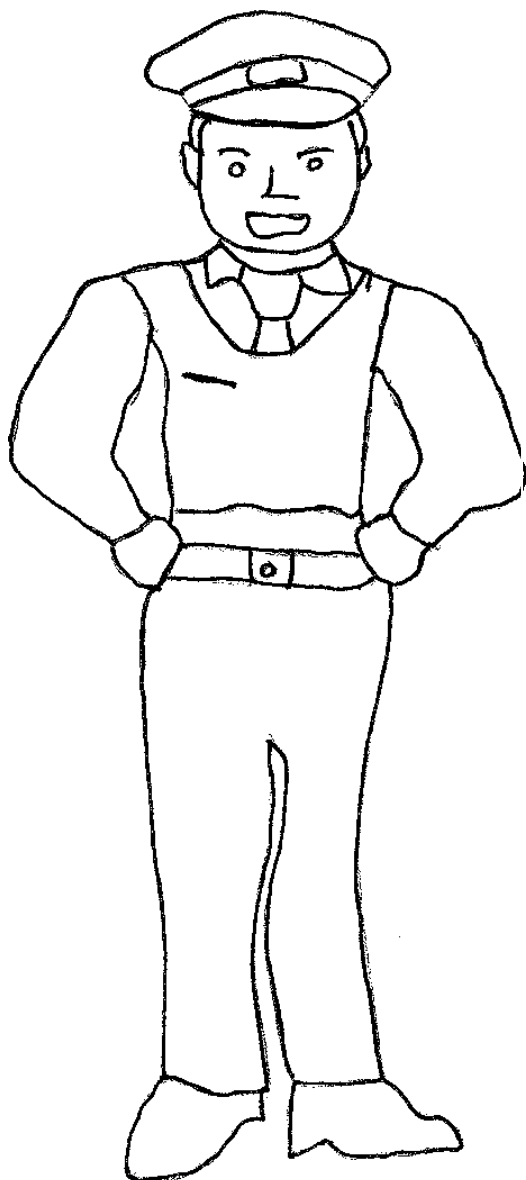

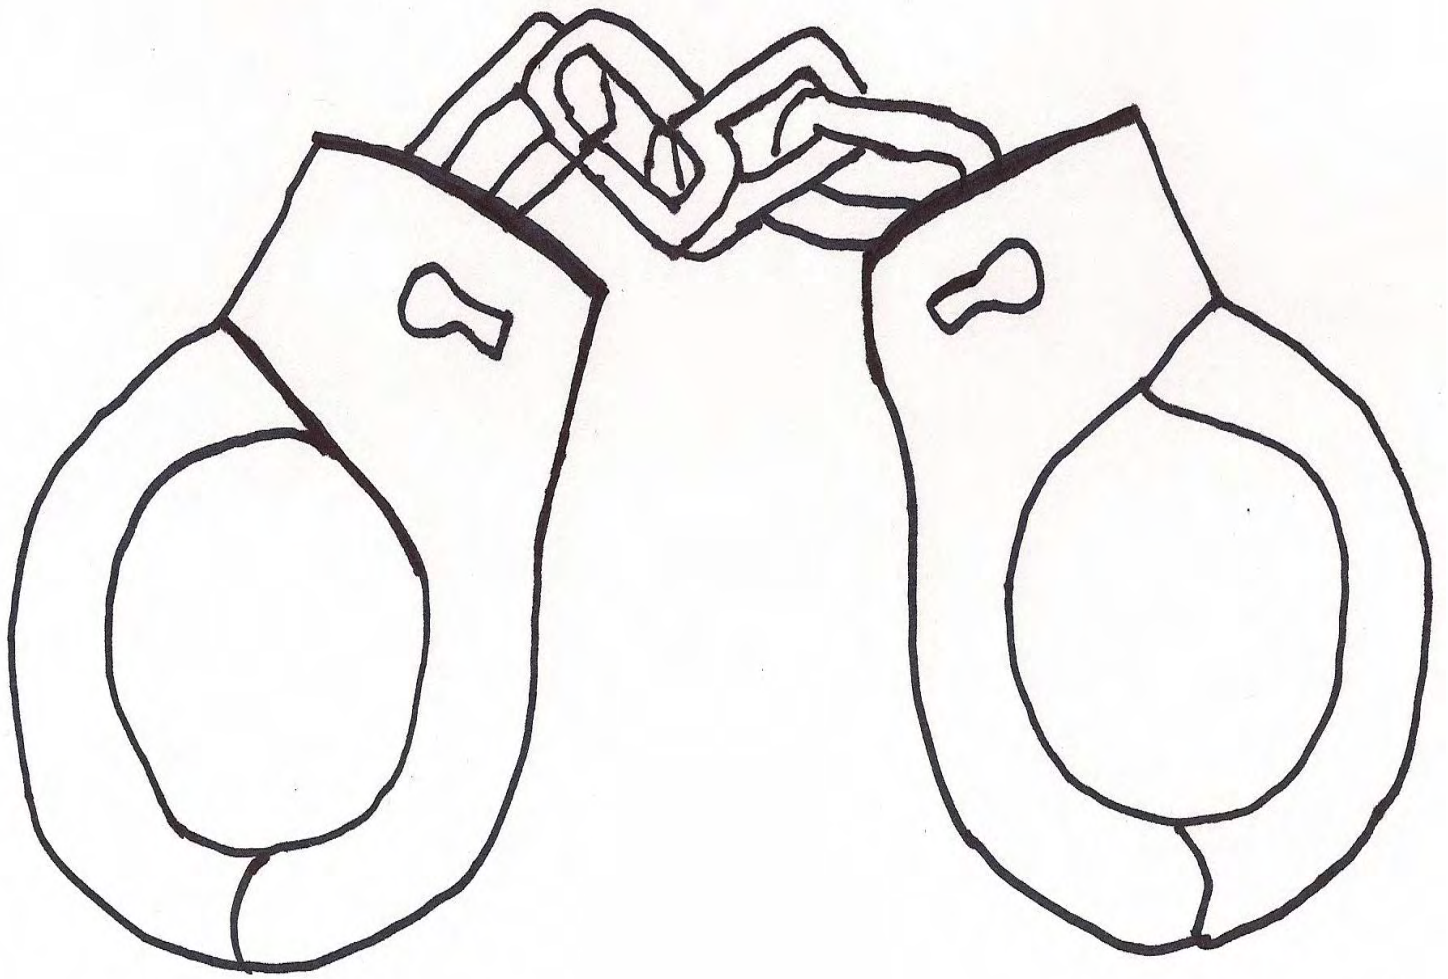

Hey kids, do you want to meet my friends that work with me?

These are Special Constables that work in the Courthouse. We call them Court Officers. They are committed to the safety and the security of persons and facilities under their care.

That means you and me!!

These are called handcuffs.
Every Court Officer keeps a
pair in a handcuff pouch on
their belt.

This is the Monitor Control Centre. A Court Officer views the monitors to make sure people in the building are safe. They also push buttons that control the opening of locked doors in the Courthouse.
